

10TH INTERNATIONAL CONFERENCE ON
Quantum Techniques
in Machine Learning

Bridging Quantum Computing and Machine Learning

December 6-11, 2026

Jan Mouton Learning Centre, Stellenbosch University

Call for Abstracts

The QTML 2026 conference will bring together leading researchers in quantum computing and machine learning for cutting-edge research, collaboration, and discovery.

This year marks a special milestone as the conference will be hosted for the first time in Stellenbosch, South Africa.

Submissions are invited for:

- **Talks:** Extended abstracts (max. 3 pages)
- **Posters:** One-page abstracts

Topics:

We welcome contributions across a wide range of topics. Visit qtml2026.nithec.ac.za for details.

Submission details

Submission deadline:

30 June 2026 SAST
